Celebrating Hope and Healing: Heart Warriors and Health Workers Meet with Mankind CEO

On 27th March, Child Heart Foundation, along with our brave heart warriors, visited the Mankind office to share inspiring success stories of children who successfully overcame Congenital Heart Disease (CHD) through timely treatment and support.

The interaction was graciously attended by Mankind CEO Mr. Sheetal Arora, along with 5 ASHA and ANM health workers who shared their experiences from the grassroots level and highlighted how awareness, early identification, and timely referrals are helping save children's lives in communities.

The event also showcased the impact of the Jeevansh Program, a life-saving initiative by Mankind in partnership with Child Heart Foundation, dedicated to supporting children suffering from Congenital Heart Disease.

The celebration brought together healthcare workers, heart warriors, and supporters under one roof – creating moments of hope, gratitude, and inspiration while reaffirming the shared commitment to saving little hearts and building healthier futures for children.
